

Virtual Lecture 2022

Join the Virtual Lecture 2022 - condensed form of the annual lecture "**Sound Quality of Audio Systems**" presented by Prof. Dr. Wolfgang Klippel, which we usually hold at the Technical University in Dresden. Take the opportunity at the two-half-day event to advance your skills in deep understanding on the latest measurement and diagnostic techniques. The Virtual Lecture 2022 focusses on education and supports networking between European and Asian students and universities. Regardless of where you are, you can register for the Virtual Lecture and watch the content live or on-demand.

Date: January 13 th – 14 th , 2022	Platform: Zoom
Time: 8 am – 1 pm CET (both days)	Language: English
Registration Fee: Free of charge for all participants!	

For more information, please see the overview flyer or the events site on our website.

Peter Barnett Memorial Award

KLIPPEL GmbH founder and director for R&D Dr. Wolfgang Klippel received the Peter Barnett Memorial Award on the 37th Reproduced Sound Conference in Bristol. Wolfgang was presented with the award in recognition of his work in the field of electroacoustic, both through his research, teaching activities and his papers and tutorials on loudspeaker modeling and measurement – particularly those on large signal behaviour and physical mechanisms.

Inaugurated in 2001 by the **Electroacoustics Group of the Institute of Acoustics**, The Peter Barnett Memorial Award recognizes advancements and technical excellence in the fields of electro-acoustic, speech intelligibility, and education in acoustics & electro-acoustic and is awarded annually.
